MEC TO INTERACT WITH VARIOUS STAKE HOLDERS ON SAFETY OF WOMEN & CHILDREN

Eastern Cape MEC for Housing, safety and liaison Mr Thobile Mhlahlo will interact with various stake holders to encourage women to participate in crime prevention initiatives in the province during the women’s summit to be held at Mzamba Youth Centre on September 12 2008. The purpose of the summit is to intensify women participation in crime prevention initiatives by providing information about their rights and Domestic violence Act.

Due to a number of gruesome killings that have taken place in the past months at Mzamba village, the aim of the summit is to come up with crime prevention strategies since these killings targeted women and children.

“We want to encourage women to take a stand and participate in Crime prevention initiatives” Mhlahlo said.

“The summit will be a better platform for rural women to table their needs for services as far as their safety is concerned” he said.

Media is invited to capture the event.

Date: 12 September 2008

Venue: Mzamba Youth Centre

Time: 09h00
