INTERNATIONAL ANTI-CORRUPTION DAY – 07 DECEMBER 2012

On 31 October 2003, the United Nations Convention Against Corruption within The United Nations Assembly, declared the 9th day of December each year to be the World International Anti-Corruption Day. The Provincial Anti-Corruption Forum has always seen the need to add a provincial voice and participate in this global campaign to combat corruption. The campaign is aimed as a preventative measure against corruption which is in line with the Provincial Anti-Corruption Action Plan. It is a tool to bring awareness on corruption to different communities. Communities need to realise that Corruption is a serious crime that can undermine social and economic development in all societies. No country, region or community is immune to corruption.
